Learning First

Make it everyone's responsibility!

MISSION

Rockbridge County Public Schools provides instruction to meet the needs of all students in schools that are fully accredited by the Virginia Department of Education. We provide all elementary students with balanced instruction in the core subject areas of math, English, science, and social studies, enhanced by opportunities for enrichment and exploration through music, the arts, physical education, and a variety of other areas. We provide diverse educational opportunities for middle and high school students to prepare them for higher education or skilled workforce entry.

DIVISION GOALS

- *Put learning first; all programs will support student learning.*
- *Provide a safe and secure environment that promotes and nourishes student learning.*
- *Provide balanced instruction in math, English, science, and social studies with opportunities for enrichment and exploration through music, the arts, physical education, and a variety of other areas.*
- *Ensure students are functional, skilled readers by third grade and progress towards reading to learn.*
- *Expand student-centered learning opportunities by including problem-based teaching strategies throughout the curriculum.*
- *Enhance open communication with all stakeholders within the school division and with the community at large.*
- *Promote diverse educational opportunities for middle and high school students that prepare them for higher education or skilled workforce entry.*
- *Meet and maintain full accreditation requirements from the Virginia Department of Education at all schools.*

EXECUTIVE SUMMARY

For public review, we offer the FY 2019-2020 (FY20) Budget for Rockbridge County Public Schools (RCPS). During the early budget planning stages for this FY20 budget, the RCPS School Board determined two main priorities. Realizing that in order to hire and retain the absolute best faculty and staff available in our area, the RCPS School Board set priorities for FY20 that continue to invest heavily in its most valuable asset.

Student enrollment over the past several years has resulted in a slightly increasing trend. As a result, the FY20 budget was created using a projected Average Daily Membership (ADM) of 2557. This projected ADM figure reflects this increasing trend when compared to the FY19 projected ADM of 2540.

For FY20 there was no change to the Local Composite Index as we are currently in the second year of the biennium. As of the presentation of this budget, the General Assembly has come to an agreement on the funding of education for FY 2019-2020 and the Governor has signed the official bill. State revenues for FY20 will increase by \$849,301. The School Division is requesting additional local funding support from the County in the amount of \$32,244. This represents a real increase of 0.22%.

With this additional state and local funding, the school board was able to accomplish its top priorities of investing in the faculty and staff of the school division. The state approved funding for a 5% salary increase over the course of the 2018-2020 biennium. Over the biennium, the school board exceeded this by approving an average of a 5% raise for all teachers during FY19 as well as another 2% salary increase for FY20. Other staff members received an approximate salary increase of 4% over the biennium (2% for FY19 and 2% for FY20).

EXECUTIVE SUMMARY

(continued)

Over the past several years, the cost of employee healthcare insurance has steadily increased dramatically. As a result, even with a salary increase, many of our employees have realized little increased money in their take-home pay because of the rising cost of their healthcare insurance. In an effort to minimize the impact of rising healthcare costs for employees, the school board made this their second priority when budgeting for FY20.

Our healthcare provider, Anthem, originally offered a renewal quote of a 16.3% increase. We made a request for other insurance companies to offer quotes to provide healthcare insurance for RCPS. All declined to offer a quote. After further negotiation with Anthem, the final renewal quote came in at an increase of 13.4%.

After the 2% salary raise for all employees, the School Board chose to place significant effort into minimizing the impact RCPS employees would realize as a result of this healthcare cost increase. The result is the School Board being able to offer much more affordable options to all employees (and their families) with respect to healthcare insurance.

EXECUTIVE SUMMARY

(continued)

While the School Board was able to accomplish their two top priorities by investing heavily in our personnel, there is still a tremendous amount of need throughout the Division that remains unfunded. Additional needs throughout the school division include numerous large capital replacement items especially at Rockbridge County High School (RCHS). Athletic facilities needs at RCHS include the need for an auxiliary gymnasium, a new track, practice fields, etc.

The Career & Technical center at RCHS is over 40 years old and needs to be modernized in order to properly educate our students with a first-class 21st century education and prepare them for the 21st century world. All of our elementary schools have projects that need to be addressed to include an athletic field drainage issue at Central Elementary School that often prevents regular use during even the driest of weather. The school division has ongoing personnel needs that were not able to be met with the funding available. Despite the remaining needs of the school division, this budget is representative of the School Board's commitment to its staff in the form of salary increases and maintaining competitive benefits.

While state funding was much better this year compared to recent years, state funding has not returned to pre-recession levels. We are hopeful that the increase in state funding continues so that we can meet all of the needs of our students and provide them with the educational opportunities they deserve. As always, we continue to focus funds to areas that will improve the quality of education for the children of Rockbridge County.
